

CERTIFICATE OF APPROPRIATION OF WATER.

State of Utah.

Application No 3621.

Certificate No. 439.

Utah Lake--Jordan River Water Division.

Whereas it has been made to appear to the satisfaction of the undersigned, State Engineer of the State of Utah, that the appropriation of water from Provo River in Wasatch County, made by the Utah Power and Light Company, has been perfected in accordance with the application therefor, received in the office of the State Engineer on the twentyfirst day of November, 1910, and recorded on page 738--740 in Book P-3 of the record of Applications to appropriate water;

Wherefore be it known that I, W. D. Beers, State Engineer of the State of Utah under and by authority and direction of the provisions of the Compiled Laws of Utah, 1907, as amended by Chapter 62 of the Session Laws of Utah, 1909, on "Water Rights and Irrigation", do hereby certify that the said Utah Light and Power Company of Salt Lake City in Salt Lake County, State of Utah is entitled to the use of one hundred eighty (180) cubic feet of water per second subject to the following restrictions, to wit:

The water is diverted at a point which bears south  $28^{\circ}59'$  east 3126 feet distant from the northwest corner of Section 35, Township 2 south, Range 5 east, Salt Lake Base and meridian. The diverting works consist of a concrete dam and intake, and a wood stave pipe line 16, 348.3 feet in length and five feet in diameter.

The water is used from January first to December 31 inclusive of each year to generate power to furnish electric light and to propel machinery in the state of Utah. Two 42 inch wheels of the Allis-Chalmers, single discharge, Francis turbine type, operating under an effective head of 132 feet, are used for this purpose.

After having been so used the water is returned to the natural channel at a point which bears south twelve degrees west twentytwo twenty feet distant from the north quarter corner of Section 32, Township 2, south, Range 5 east, Salt Lake base and Meridian.

The diverting works must be maintained in such condition as will prevent an unreasonable loss of water.

The date of the appropriation is November 21 1910.

In witness whereof I have hereunto set my hand and affixed the seal of my office this eleventh day of November, A D 1916.

W. D. Beers,

State Engineer.
